

ACS Division of Environmental Chemistry
Recipients of Undergraduate Student Award in Environmental Chemistry

2017

Marcos Amezcua, Humboldt State University, Chemistry
Thomas P. Beier, Lafayette College, Chemistry
Zicheng (Tim) Cai, University of California, Irvine, Chemistry
Matthew Graham Clark, Univ. of South Carolina Upstate, Chemistry/Div. of Natural Sci. & Engineering
Madison Fulmer, Tennessee Technological University, Chemistry
Kayvon Ghayoumi, University of Kentucky, Chemistry
Syed Hyder, Georgia Gwinnett College, School of Science and Technology
Jessica Kolsky, University of Redlands, Chemistry
Nhat Hoang Van Le, Virginia Union University, Natural Sciences
Sofie Elisabeth Moeller, Ohio Northern University, Chemistry and Biochemistry
Rachel Molé, The College of Wooster, Chemistry
Ming-Han Ou, National Taiwan University, Agricultural Chemistry
Danae K. Pantelide, Cyprus Univ. of Technology (CUT), Environmental Science and Technology (ES&T)
John Pavek, Gustavus Adolphus College, Chemistry
Kevin Pyszka, James Madison University, Chemistry and Biochemistry
Johanna Rinaman, Seattle University, Chemistry
Jessica Rush, Chapman University, Biological Sciences
Jacob Sterle, University of Alaska, Fairbanks, Chemistry and Biochemistry
Cody Ward, South Dakota State University, Chemistry and Biochemistry
Hanna Greer Welsh, Harvey Mudd College, Chemistry
Andrea Westlie, University of St. Thomas, Chemistry
Curtis J. Wilhelmsen, State Univ. of New York- College of Environmental Science and Forestry, Chemistry
Cody L. Williamson, United States Coast Guard Academy, Science, Chemistry Section
Sonya Ye, U.S. Naval Academy, Chemistry

2016

Hollie Adejumo, Univ. of Maryland Baltimore Co., Chemical, Biochemical and Environmental Engineering
Nujhat Ali, University of California, Irvine, Chemistry
Michael Caleb Bagley, University of South Carolina, Chemistry & Biochemistry
Stephanie Berg, University of St. Thomas, Chemistry
Iosef B. Boraiei, Cyprus University of Technology, Environmental Science & Technology
Mitchell Bowling, Ohio Northern University, Chemistry & Biochemistry
Matthew A. Broadwater, Towson University, Chemistry
Katherine A. Charbonnet, The University of Memphis, Chemistry
Leah Connor, Scripps College, W.M. Keck Science Department
Thomas Zachary Crawford, South Dakota State University, Chemistry & Biochemistry
Mary (Allie) Davis, Henderson State University, Chemistry
Michael DeNicola, University of Redlands, Environmental Studies
Sarah Donaher, Clemson University, Environmental Engineering and Earth Sciences
Jumaanah Flowers, Carleton College, Chemistry
Conner Harris, Arkansas Tech University, Physical Sciences
Ellen Hudson-Heck, The College of Wooster, Chemistry
Alejandro Hernandez, Florida International University, Applied Research Center
Yue Hui, Washington University in St. Louis, Energy, Environmental & Chemical Engineering

Isabell Lee, Harvey Mudd College, Chemistry
Bridget Lee, U.S. Naval Academy, Chemistry
Sin-Yi Liou, National Cheng Kung University, Taiwan, Environmental Engineering
Corbin Livingston, Albion College, Chemistry
Maraha Magile, New Jersey Institute of Technology, Civil & Environmental Engineering
Demitra Mantzopoulos, University of Detroit Mercy, Chemistry & Biochemistry
Rachel McCarthy, Seattle University, Chemistry
Rebecca McLean, University of Central Florida, Civil, Environmental & Construction Engineering
Kyle Milke, University of Alaska - Fairbanks, Chemistry & Biochemistry
Laura Paulson, University of Wisconsin - La Crosse, Chemistry & Biochemistry
Joshua Portner, Gustavus Adolphus College, Chemistry
Kelsey Richards, Tennessee Technological University, Chemistry
Kara Elizabeth Rodby, Northwestern University, Civil & Environmental Engineering
Anton N. Rosi, The Ohio State University, Civil, Environmental & Geodetic Engineering
Lauren Smith, Chapman University, Environmental Science & Policy
Killian Tallman, Hartwick College, Chemistry
Svetlana Taylor, Illinois Institute of Technology, Chemical & Biological Engineering
Megan Toomey, United States Coast Guard Academy, Science
Hannah Valentino, State University of New York at Oswego, Chemistry
Yian Wang, Wake Forest University, Chemistry
Michael Zarbo, State University of New York - Environmental Science & Forestry, Chemistry

2015

Lia Cattaneo, University of Virginia, Civil and Environmental Engineering & Environmental Science
Jordan Ragon, Tennessee Technological University, Chemistry
Justin Schueller, University of Wisconsin-La Crosse, Chemistry and Biochemistry
Calvin Macemore, Appalachian State University, Chemistry
Nicholas Rogers, Univ. of Maryland Baltimore County, Chemical, Biochemical and Environmental Eng.
Haley Argersinger, Alfred University, Chemistry
Kelly M. McCabe, University of South Carolina, Chemistry and Biochemistry
Juliana Laszakovitz, University of Mary Washington, Chemistry
Abigail Thayer, Ohio Northern University, Chemistry & Biochemistry
Kristy Ann Northrup, State Univ. of New York, College of Environmental Science and Forestry, Chemistry
Jennifer Bowen, Chapman University, Chemistry
Dallas R. Mosier, Saint Francis University, Chemistry
Marta Viscut, University of Colorado, Boulder, Chemistry and Environmental Engineering
Kelsey Berrier, James Madison University, Chemistry and Biochemistry
Austin Evans, The University of Tulsa, Chemistry and Biochemistry
Colleen K. MacGilvray, Wake Forest University, Chemistry
Virginia Hoyt, Lafayette College, Environmental Science
Tania Benavides, Stephen F. Austin State University, Chemistry & Biochemistry
Chelsey Stear, Saint Vincent College, Chemistry
Bryan Voigt, Gustavus Adolphus College, Chemistry
Mark Bickley, Towson University, Chemistry
Michelle Samson, Albion College, Chemistry
Leonard Bernas, Florida Institute of Technology, Chemistry
Jasbir Deol, Wesley College, Chemistry

Nikoletta I. Tsiarta, Cyprus University of Technology, Environmental Science and Technology
Shawninder Chahal, McGill University, Chemical Engineering
Kristina Schiavone, The College of Wooster, Chemistry
Jason Payne, Western Kentucky University, Chemistry
Sean Morgan Jones, University of Redlands, Chemistry
Tatum Zurawski, University of Detroit Mercy, Chemistry and Biochemistry
Alexis Kerl, Mount Saint Mary's University, Physical Sciences and Mathematics
Merrill Peyton Dilbeck, University of South Florida, Civil and Environmental Engineering
Amber Kramer, California State University Channel Islands, Chemistry
Benjamin Christopher Schulze, Rice University, Civil and Environmental Engineering
Avis Francis, University of Massachusetts Dartmouth, Chemistry and Biochemistry
Hayden Tse, Virginia Polytechnic Institute and State University, Civil and Environmental Engineering

2014

Spencer John Brennan, McGill University, Department of Chemical Engineering
Lena Buckendorf, Chapman University, School of Earth and Environmental Sciences
Rebecca Buthe, Rice University, Department of Civil and Environmental Engineering
Allison Chin, The College of Wooster, Department of Chemistry
Amy Christiansen, Gustavus Adolphus College, Department of Chemistry
Olga Epshtein, Arizona State University, Dept. of Civil, Environmental, and Sustainable Engineering
Gabriel A. Fernandez-Bueno, Wesley College, Department of Chemistry
Andrew Ferry, Tennessee Technological University, Department of Chemistry
Nicole Hartig, Towson University, Department of Chemistry
Alex Hensdorf, Cornell University, Department of Civil and Environmental Engineering
Amber J. Hiranaka, Seattle University, Department of Chemistry
Lindsay House, James Madison University, Department of Chemistry & Biochemistry
Faye Koenigsmark, University of Connecticut, Department of Civil and Environmental Engineering
Jessica Lee, Univ. of Maryland Baltimore County, Dept. of Chemical, Biochemical, & Environmental Eng.
Marianna Moffatt, University of St. Thomas, Department of Chemistry
Sylwia Odrzywolska, Illinois Institute of Technology, Department of Chemical and Biological Engineering
Jenna M. Swarthout, University at Buffalo, The State University of New York, Department of Civil, Structural, and Environmental Engineering
Catherine Taylor, Univ. of New Hampshire, Dept of Environmental Engineering - Industrial Processes
Mercy Ude, Yale University, Department of Chemical and Environmental Engineering
Ileana Wald, University of South Florida, Department of Civil and Environmental Engineering
Jingjing Xie, University of Massachusetts Dartmouth, Department of Chemistry and Biochemistry

2013

James Agren, Central Washington University, Department of Chemistry
Melissa Barona, University of Miami, Department of Civil, Architectural, and Environmental Engineering
John C. Berude, Seattle University, Department of Biology
Brett Joel Bevers, Univ. of Wisconsin - Milwaukee, Dept. of Civil and Environmental Engineering
Angelica Campos-Cordero, Inter American University of Puerto Rico - San German Campus, Department of Biology, Chemistry and Environmental Sciences
HanByul Chang, Gordon College, Department of Chemistry
Aaron Givens, Wesley College, Department of Chemistry

Bridget Gromek, University of Hartford, Department of Chemistry
 Samuel Jensen, University of St. Thomas, Department of Chemistry
 Sara Knowles, Univ. of New Hampshire, Dept. of Environmental Engineering - Industrial Processes
 Kelly Landry, University of Florida, Department of Environmental Engineering Services
 Jacob Linkugel, University of Cincinnati, School of Energy, Environmental, Biological and Medical
 Engineering, Chemical Engineering
 Corey Luth, University of California, Riverside, Department of Environmental Engineering
 Lydia Niemi, The College of Wooster, Department of Chemistry
 Johannes Olind, United States Military Academy, Dept. of Geography and Environmental Engineering
 Colin O'Sullivan, University of Iowa, Department of Chemical and Biochemical Engineering
 Oscar Peña, University of Florida, Department of Civil and Environmental Engineering
 Michael Pettit, James Madison University, Department of Chemistry and Biochemistry
 Joseph Ryan Polli, East Carolina University, Department of Biology
 Courtney Rich, Colorado School of Mines, Department of Civil and Environmental Engineering
 John C. Richardson, State University of New York, College of Environmental Science and Forestry,
 Department of Chemistry
 Yshua Rodriguez, Jacksonville State University, Department of Physical and Earth Sciences
 Susannah Shissler, Tennessee Technological University, Department of Chemistry
 Olivia Suzanne Taldone, Wake Forest University, Department of Chemistry
 Michael Walker, Gustavus Adolphus College, Department of Chemistry

2012

Alison Agather, Gustavus Adolphus College, Department of Chemistry
 Matthew Ashner, Washington University in St. Louis, Department of Energy, Environmental and
 Chemical Engineering
 Anastasia V. Blake, Mary Baldwin College, Department of Chemistry and Physics
 James Byrnes, University of St. Thomas, Department of Chemistry
 Hector Casique, Central Washington University, Department of Chemistry
 Anton Dapcic, University of South Florida, Department of Civil and Environmental Engineering
 Jasmine C.C. Davis, Seattle University, Department of Chemistry
 Jamie Ging, Stony Brook University, Department of Materials Science and Engineering
 Caroline Hackett, University of Virginia, Department of Civil and Environmental Engineering
 Robin J. Holland, University of Cincinnati, School of Energy, Environmental, Biological and
 Medical Engineering, Materials Engineering
 Nina Hwang, Rice University, Department of Chemistry and Environmental Engineering
 Rachel Johnstone, Rose-Hulman Institute of Technology, Department of Chemical Engineering
 Patrick Kelly, University of Wisconsin - Milwaukee, Department of Civil Engineering and Mechanics
 Katrina E. Lautz, Rutgers University, Department of Environmental Science
 Anna K. Miller, Albion College, Center for Sustainability and the Environment
 Rebecca Phillips, Johns Hopkins University, Department of Geography and Environmental Engineering
 Andrew Rasky, University of Michigan-Dearborn, Department of Natural Sciences
 Kenneth Ruffatto, Illinois Institute of Technology, Department of Chemical and Biological Engineering
 Stephanie E. Sanders, Albion College, Department of Chemistry
 Steven Saunders, Lafayette College, Department of Chemistry
 Sara Anne Thomas, Northwestern University, Department of Civil and Environmental Engineering
 Remington Wheat, Tarleton State University, Department of Environmental Engineering
 Allison Wickham, James Madison University, Department of Chemistry and Biochemistry

Margaret Wild, University of the Pacific, Department of Civil Engineering
Isaiah Woodson, Louisiana State University, Cain Department of Chemical Engineering

2011

Ben Carlson, Gustavus Adolphus College, Chemistry
Ran Chen, Rice University, Civil and Environmental Engineering
Elizabeth Ciancio, Christopher Newport University, Biology, Chemistry and Environmental Science
Daniel Collins, Dowling College, Biology
Daniel J. Garcia, Washington University, Energy, Environmental and Chemical Engineering
Adam Grippin, University of Florida, Chemical Engineering
Jason C. Jones, Virginia Polytechnic Institute and State University, Materials Science and Engineering
Stephanie Kover, University of Nevada, Reno, Civil and Environmental Engineering
Alison Kracunas, Union College, Chemistry
Michael D. Leonard, University of Detroit Mercy, Chemistry and Biochemistry
Bailey Leppek, University of Colorado, Boulder, Environmental Engineering
Marie Neidig, University of Southern Maine, Chemistry
Kaetochi Okemgbo, Yale University, Chemical and Environmental Engineering
Brian Peacock, Lafayette College, Civil and Environmental Engineering
Matthew Slattery, University of St. Thomas (St. Paul, MN), Chemistry
Eileen Thomzik, Carroll University, Chemistry and Biochemistry
Kristin Waller, Syracuse University, Civil and Environmental Engineering

2010

Kristen N. Ballard, Transylvania University, Chemistry Department
Matthew Coggon, University of Massachusetts – Amherst, Department of Chemical Engineering
Anthony M. Darrington, Wesley College, Chemistry Department
Easar Forghany, Saint Mary's College of California, Chemistry Department
Ashley Hountz, Purdue University, Department of Natural Resources and Environmental Science
Benjamin Kamark, University of Colorado at Boulder, Department of Environmental Engineering
Trevor Lynch, University of Cincinnati, Department of Allied Health Sciences
Annie Opseth, Gustavus Adolphus College, Department of Chemistry
Becca Putans, Albion College, Chemistry Department
Jose A. Saltos, The College of Staten Island, Department of Chemistry
Amanda Stemig, University of St. Thomas, Department of Chemistry
Katherine Stencel, The College of Wooster, Department of Chemistry
Sarah Tufaro, Rutgers University, Department of Environmental Science
Christopher M. Whidbey, Seattle University, Department of Chemistry

2009

Kelly E. Daumit, Seattle University, Department of Chemistry
Ryan Espy, Gustavus Adolphus College, Department of Chemistry
Kavita D. Hardy, Swarthmore College, Department of Chemistry and Biochemistry
Jason Krumholt, Louisiana State University, Department of Chemical Engineering
Michael Mashtare, Purdue University, Department of Natural Resources and Environmental Sciences
Ashley Mertens, Christopher Newport Univ., Dept. of Biology, Chemistry and Environmental Science

Kevin E. Shuman, Wesley College, Department of Science
Laura K. Simone, Wheeling Jesuit University, Department of Chemistry
Louis Sigtermans, University of St. Thomas, Department of Chemistry
John Stegemeier, Chapman University, Department of Chemistry

2008

Hallie Bevan, University of Colorado at Boulder, Department of Environmental Engineering
Bryan R. Bzdek, Bucknell University, Department of Chemistry
Sergio J. Cardona-González, University of Puerto Rico-Arecibo, Department of Chemistry
Lauren E. Cook, Southeast Missouri State University, Department of Environmental Science
James Dale, Chapman University, Department of Chemistry
Bryron H. Farnum, University of South Carolina, Department of Chemistry and Biochemistry
Trevor A. Feagin, Salt Lake Community College, Department of Chemistry
Dayne Fraser, Kennesaw State University, Department of Chemistry and Biochemistry
Sarah R. Khoury, Texarkana College, Department of Chemistry
Andrew R. Korte, University of St. Thomas, Department of Chemistry
Noelle McBride, Louisiana State University, Department of Chemical Engineering
James Newton, University of Cincinnati, Department of Chemical Engineering
Zachary Robbins, Duke University, Department of Chemistry
Daniel Schoenfelder, Carnegie Mellon University, Department of Civil and Environmental Engineering
Jerrard Smith Hopkins, Dillard University, Department of Chemistry
Matthew Sugihara, Univ. of Illinois at Urbana-Champaign, Dept. of Civil & Environmental Engineering
Michael J. Tackett, University of Arkansas at Little Rock, Department of Chemistry
John Wrass, University of Wisconsin - Eau Claire, Department of Chemistry

2007

Eryn C. Andrews
Kyle Bibby
Audrey Bone
Daniel Breetz
Kristy D. Cross
Kaprice J. Knaup
Michael Keen
Rachel A. Lundeen
Cresten Mansfeldt
Rose Brittany Merola
Hadijatu Mumini
Dung Duc Nguyen
Reyn Ono
Sarah E. Page
Cynthia Patty
Danijela Smiljanic
