

Greetings -

We are pleased to announce that the ACS Division of Environmental Chemistry (ENVR) has recently initiated a more formal strategic planning effort in order to better understand the current needs and preferences of its membership. In order to obtain input to this effort, we are seeking the opinion of members like you.

This [online survey](#) will take just a few minutes of your time to complete, but will influence the outcome of our strategic planning and shape the course of the Division through the coming years. Please respond by next Friday.

<http://surveys.acs.org/se.ashx?s=04BD76CC7C34629008D28B8259BF6A6F7C>

Thanks in advance for your time and contributions.

Sincerely,

The ACS Division of Environmental Chemistry Executive Committee

You are receiving this email because you are a member of the American Chemical Society's Division of Environmental Chemistry. To provide an alternate email address, or for other inquiries about the use of your email address, please contact us at: research@acs.org. The information you provide in this evaluation will be used by the American Chemical Society for research purposes only. It will be reported in aggregate in ways that do not identify you personally. Your participation in this evaluation is voluntary. If you have problems accessing the survey, please send an email to research@acs.org.
